Literacy Activities

Have students say each word that starts with "D" (Dino, dinosaur, dentist, desert, dollar, domino) while clapping their hands for each syllable; or stomping their feet; or moving their hips side to side.

Ask students for other words that start with "D".

Say two words and have the students repeat them, one that starts with "D" and another one that does not, and then have students identify the word that starts with "D".

Recite the song and omit the words that start with "D" and have students say the missing words. Repeat and have students sign (ASL) the missing words.
